Singles welcome!  
Teams will be  
created for those  
who don't have one.

Help us reach  
our goal of  
**\$10,000**

Can't attend?  
Sponsor a lane,  
donate an item to  
our raffle or  
make a donation.

**Bowling for a cause, lets do it for the dogs!**

**Prizes, Raffles & 50/50 Draw**

# THE FARM

For many years our partner farm in Tennessee has been home to well over a thousand dogs that have since gotten their freedom ride to Canada.

Last year we raised **\$4950** to complete the first phase of improvements in July 2023.

## Improvements to the back of the property included:

- Proper gates to allow for safe and easy feeding / cleaning
- New and safer cattle panel fencing for dog runs
- Dig and climb proofing
- New dog houses and water troughs
- Repairs to existing fencing
- Sunshade installations to create cool and shaded areas for all dogs
- Clearing of brush to easy mowing and keeping deadly snakes out

## DID YOU KNOW?

The farm is the founding partner of Fetch + Release!  
The farm inspired it all!

# PHASE TWO OF IMPROVEMENTS

A team of volunteers is set to go down to Tennessee in July to complete phase two of improvements on the farm. These improvements will be to the front of the farm property and ensure dogs are safe and happy while they wait for their freedom ride to Canada!

The pens at the front of the property are on a hill, have dirt grounds with no grass and pose many risks when accessing them. Improvements will include relocating these pens and creating safer enclosures that include, grass, sun and shade!

Spare crate panels, shipping pallets, old fencing, wood scraps and cinder blocks are used to patch current holes in fencing so dogs can't get out!

Gates are held closed with leash clasps, old clip collars and wire ties with sharp edges.

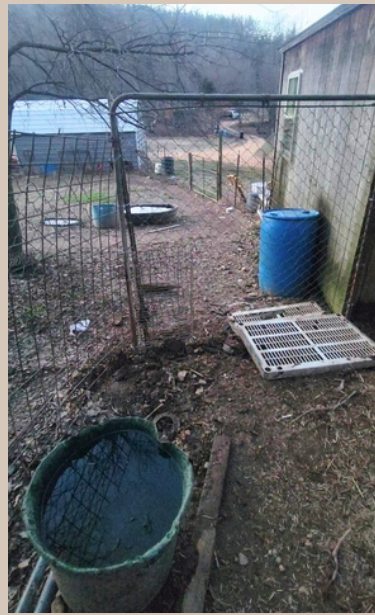

Completing improvements has proven to be extremely challenging when the property is full to capacity. In order to complete these improvements it takes a team of dedicated volunteers not afraid to put in the sweat and muscle. With minimal volunteers up for the task and limited funding the improvement process is slow and physically taxing. The to-do list never ends!

# WHY WE NEED YOUR HELP?

Due to the large number of dogs needing rescuing in Tennessee we work with a number of other local rescues to get these dogs in loving homes.

Fetch + Release funds all running and care costs of the farm! Without Fetch + Release these dogs would have a questionable fate.

With a steady flow of dogs in need and no end in sight, add in a community that cannot grasp the importance of spay/neuter; dogs are free to roam as they please, multiplying the problem!

# WHERE YOUR MONEY WILL GO!

\$6.50 USD EA.

# DOGS ON THE FARM

So many deserving  
dogs call the farm  
their first home !

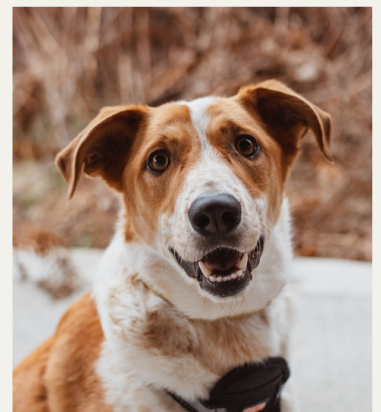

**On the farm the dogs are free from hunger, thirst, abuse and the risk of euthanasia. Dogs receive food, water, love and safety! This is the best place for them until they make their way to Canada!**

**JUST A FEW OF THE MANY DOGS WAITING  
FOR THEIR FREEDOM RIDE TO CANADA!**

# DOGS FROM THE FARM LOOKING FOR THEIR FUREVER FAMILIES!

Countless dogs have made the journey from Tennessee to Canada to find their furever homes, some finding foster-to-adopt families and others awaiting in foster care!
